

Center for Biomedical Informatics & Health Artificial Intelligence (BMIHAI) presents

2025 Annual Symposium

“Frontiers in Biomedical and Health AI: applications, challenges, and opportunities”

May 13, 2025, 9:30am – 7:30p
College Avenue Student Center
126 College Avenue, New Brunswick, NJ

[Register](#)

Registration and abstract deadline is April 15th, 2025

Don't miss the opportunity to connect with Rutgers Health Biomedical and Health AI researchers, learn about state-of-the-art advances in Health AI from academic and industry experts, explore careers in AI, and lead the charge in establishing Rutgers as a national and international hub for Biomedical Informatics and Health AI!

Outstanding speakers will be announced soon!

Highlights

- State-of-the-art Biomedical and Health AI presentations
- Industry presentations on AI advances
- Panel on Ethics, Bias, and Fairness in AI
- Panel on AI Careers in academia and industry
- Networking opportunities
- Multi-disciplinary collaboration building
- Poster session with reception
