

Moodle - Kaltura - Submit to Kaltura Assignment (Student)

At the end of this document, users will be able to submit to a Kaltura assignment in Moodle.

TECHNICAL REQUIREMENTS

- Kaltura works best with Mozilla Firefox. Versions of Google Chrome released after September 1, 2015 are no longer compatible with the software that runs Kaltura. Safari will only work if third party cookies are enabled. [Follow the University of Connecticut's directions](#) to enable third party cookies to use Kaltura with Safari.
- Make sure that your Adobe Flash is up to date and any Adobe Flash plugins are installed.
- For Mac computers, Java SE 6 is the Java client that runs best with Kaltura. The [download file](#) needed is provided by Apple.

Submitting to Kaltura Assignment

Navigate to your course by going to **My Courses**, then click on your course.

Access the topic or week in which the assignment is located and select the Kaltura Assignment.

Available from: Monday, September 12, 2016, 1:25 PM

Due Date: Monday, September 19, 2016, 1:25 PM

Please submit an audio or video file.

Click on the **Add Media Submission** option to select the media to attach to the assignment.

Find the media you wish to attach to the assignment and click the **Select** button. If you are submitting a video, you can click on the **down arrow** to choose the size of the video: small, medium, and large.

NOTE You can also upload media from this menu by clicking **Add New** in the upper right hand corner. (See arrow.)

Sarah Sangregorio's Sandbox
